Rising up from small peninsula at the entrance of Guanabara Bay, its name is said to refer to its resemblance to the traditional shape of concentrated refined sugar loaf. The tour is done in two steps by glass cable-cars. The first cable-car takes passengers to the top of Urca Hill, which rises 215 meters above sea level and offers spectacular views of the entire bay and its islands. From Urca Hill, passengers continue in a second cable car to the top of Sugar Loaf which rises 395 meters above sea level and offers a 360 degree view of the entire city including Botafogo and Copacabana Beaches, the Corcovado and downtown Rio. We will visit the Christ Statue, which was recently elected as one of the seven modern wonders of the world, which sits 2,300 above sea level, atop Corcovado Hill. Following a scenic drive along the Rodrigo de Freitas Lagoon, we will arrive at the foot of the hill from where we will embark on a small train which climbs the beautiful mountain.
